The redemption of Units may be suspended during extraordinary circumstances including closure of one or more Stock Exchanges on which any of the securities invested in by the Fund are listed, the existence of a state of affairs, which in the opinion of the Management Company, constitutes an emergency as a result of which disposal of any investment would not be reasonably practicable or might seriously prejudice the interest of Fund or of the Unit Holders, or a break down in the means of communication normally employed in determining the price of any investment, or when remittance of money can not be carried out in reasonable time and if the Management Company is of the view that it would be detrimental to the remaining Unit Holders to redeem Units at a price determined in accordance with the Net Asset Value. The Management Company may announce a suspension or deferral of redemption. Such a measure shall be taken to protect the interest of the Holders in the event of extraordinary circumstances or in the event redemption requests accumulate in excess of ten percent of the Units in issue. Under such circumstances, the Management Company shall also suspend the issuance of new units till such time the redemption of units is resumed. System and under extreme circumstances the Management Company may decide to wind up the Fund. Details of the procedure are given in clause 8.2.2 here in below.

Circumstances of Suspension of Redemption In the event of extra-ordinary circumstances, the Management Company may suspend or defer Redemption of Units under intimation to the Trustee and the Commission. The circumstances under which the Management Company may suspend redemption shall be the event of war (declared or otherwise), natural disasters, a major break down in law and order, breakdown of the communication system, closure of the capital markets and /or the banking system or strikes or other events that render the Management Company or the Distributors unable to function. The Management Company shall immediately notify the SECP and the Trustee of such suspension. In case of suspension of redemption of units due to extraordinary circumstances, the issuance of fresh units shall also be kept suspended until such time redemption of units is resumed.

10.3 Suspension of Redemption of Units

In the event of extra ordinary circumstances, the Management Company may suspend or defer Redemption of Units. The circumstances under which the Management Company may suspend redemption shall be the event of war (declared or otherwise), natural disasters, a major break down in law and order, breakdown of the communication system, closure of the capital markets andUor the banking system or strikes or other events that render the Management Company or the Distributors unable to function.

Such suspension or queue system shall end on the day following the first Business Day on which the conditions giving rise to the suspension or queue system shall in the opinion of the Management Company have ceased to exist and no other condition under which suspension or queue system is authorized under the Deed exists.

In case of suspension and queue system the Management Company shall immediately notify the SECP and publish the same in newspapers in which the Fund's prices are normally published.

In case of suspension of redemption of units due to extraordinary circumstances, the issuance of fresh units shall also be kept suspended until such time redemption of units is resumed.

10.4 Suspension of Fresh Issue of Units

The Management Company may at any time, subject to the Rules, as may be modified from time to time, suspend issue of fresh Units. The Management Company shall announce the details of exemptions at the time a suspension of fresh issue is announced. The Management Company shall immediately notify the SECP if fresh issue of Units is suspended and shall also have the fact published, immediately following such decision, in the newspapers in which the Fund's prices are normally published.

The Management Company may at any time refuse to accept any issue (sale) of Units application, if such application is contrary to the interest of the Unit Holders, Management Company, Trustee or the Fund.

10.6 Queue System

In the event redemption requests on any day exceed ten percent of either the number of Units outstanding

or the rupee redemption value of the Units in issue, the Management Company may invoke a queue system whereby requests for redemption shall be processed on a first come first served basis for up to ten percent of the Units in issue.

The Management Company shall proceed to sell adequate assets of the Fund and/or arrange borrowing as it deems fit in the best interest of the Unit Holders and shall determine the redemption price to be applied to the redemption requests based on such action. Where it is not practical to determine the chronological ranking of any requests in comparison to others received on the same Business Day, such requests shall be processed on a proportionate basis proportionate to the size of the requests. The requests in excess of the ten percent shall be treated as redemption requests qualifying for being processed on the next Business Day at the price to be determined for such redemption requests. However, if the carried over requests and the fresh requests received on the next Business Day still exceed ten percent of the Units in issue or 10% of the NAV of the Fund, these shall once again be treated on first come first served basis and the process for generating liquidity and determining the Redemption Price shall be repeated and such procedure shall continue till such time the outstanding redemption requests come down to a level below ten percent of the Units then in issue.

10.7 Winding up in view of major redemptions

In the event the Management Company is of the view that the quantum of redemption requests that have built up shall result in the Fund being run down to an unmanageable level or it is of the view that the sell-off of assets is likely to result in a significant loss in value of the Unit Holders who are not redeeming, it may announce winding up of the Fund. In such an event, the queue system, if already invoked, shall cease to apply and all Unit Holders shall be paid after selling the assets and determining the final Redemption (Repurchase) Price.
