AKD Cash Fund (AKDCF)

For the 9MFY16, the annualized return of AKD Cash Fund stood at 5.51% compared to benchmark return of 5.50%,thus performed slightly above the benchmark.

AKD Aggressive Income Fund (AKDAIF)

For the 9MFY16, the annualized return of AKD Aggressive Income Fund stood at 11.01% compared to the benchmark return of 6.91%, thus outperforming the benchmark by 4.1%.

Macro Perspective

The major macroeconomic indicators continued to exhibit improvements in9MFY16 owing to favorable monetary and fiscal policy, subdued inflation, stable exchange rate, adequate foreign reserves, and low current and fiscal account deficits.

CPI inflation during 9MFY16 clocked in 2.6%YoY as compared to 5.1%YoY for the corresponding period last year. Throughout 9MFY16, downward momentum of inflation was driven by soft international commodity and oil prices. While lower oil and commodity prices have benefited consumers, it has also had an adverse impact on commodity-producing sectors of the economy: for instance, lower product prices have hit farmer incomes and affected cropping decisions. Additionally, listed companies' profitability was affected because of inventory losses caused by the commodity prices fall. Going forward, State Bank of Pakistan expects that average inflation in FY16 to range between 3%YoY to 4%YoY which is well below the target of 6% YoY. Having said, the likelihood of further reduction in interest rates looks remote.

Large scale manufacturing (LSM) showed growth of 4.1%YoY during July-January FY16 as compared to 3.1%YoY in the same period last year. The growth momentum in LSM continued to remain strong because of lower commodity prices, improved energy supplies, increased domestic demand for consumer durables and expansion of construction activities. In addition, accommodative policies (for instance, higher PSDP spending, "Apna Rozgar"scheme and decade low interest rates) have also supported high growth in LSM. In this regard, the real GDP is expected to maintain the previous growth momentum. It is however, expected that economic activity will improve further as infrastructure and energy projects under CPEC continue to materialize.

The total liquid foreign exchange reserves of Pakistan reached USD 20.42 billion by the end of 9MFY16 as compared to USD 16.66 billion at the end of 9MFY15. During 3QFY16, International Monetary Fund (IMF) released the 10th tranche of USD 502million under the Extended Fund Facility. In September 2013, IMF had approved the three-year extended financing arrangement of about USD 6.64 billion for Pakistan of which USD 5.53 Billion has been disbursed to date.However, inflow of IMF's 10th tranche was offset against the maturity of the 10-year Eurobond worth $500 million. Overseas Pakistani workers remitted USD14.2 billion in 9MFY16, as compared to USD 13.6 billion received during the corresponding period last year reflecting a growth of 4.14% YoY.

On the other hand, Federal Board of Revenue (FBR) almost met the revenue collection target of PKR 2.1 trillion for 9MFY16 by collecting over PKR 2.09 trillion during the period. This performance is attributed to better revenue generation as well as decline in non-development spending. Government revenue have grown by 17%YoY during 8MFY16 as compared to corresponding period on the back of additional tax measures that government took in second quarter (i) one percent across the board increase in custom duties; (ii) additional regulatory duty on 400 consumer items (iii) additional FED on cigarettes and (iv) one time super tax of 4% on bank's income.

Despite slump in commodity and tumbling oil prices, Pakistan balance of payment deteriorated for the period under review. Import bill of the country reduced by 5.04%YoY in 8MFY16 reaching USD 28.5 billion as compared to USD 30.48 billion in the corresponding period last year. However, a steep decline in exports offset much of the gains from the reduced import bill, causing the trade deficit to increase by 4.08% YoY clocking at USD 15.08 billion at end of 8MFY16. Weak global demand and structural constraints in Pakistan commodity producing sector, continued to affect the country's export. Despite increase in trade deficit, the current account deficit shrank by USD 88mn settling at USD 1.85 billion during 8MFY16 against USD 1.94 billion in the corresponding period last year.

Pakistan economic growth is expected to accelerate in future on the back of strong growth in industry, reduction in fiscal and current account deficit and high growth in remittances. In addition, Foreign Direct Investment has also shown growth of 15.1% YoY in 9MFY16 reaching USD 957.4 million. International Monetary Fund (IMF) and World Bank (WB), in their recent reviews, expressed satisfaction regarding strong progress of economic development in Pakistan. These reviews are expected to build the investors' confidence witnessing improved investment activity going forward.

Equity market review

The KSE-100 index started the FY16 on a positive note recording 3.9% return in the month of July; however the index fell by 3.66% overall in 9MFY16. Primary reason for the underperformance of index was low investor confidence as regulatory and investigative authorities pursued several inquiries related to capital market participants. Negative International events such as concerns over China's economic slowdown and US-Federal Reserve rate hike, dampened KSE's performance. Consequently, foreign investors sold equities worth USD 341 million during 9MFY16 compared to net sell of USD 18 million in 9MFY15.

During the 3QFY16, the Monetary Policy Committee (MPC) of the State Bank of Pakistan (SBP) kept the policy rate unchanged at 6.0 percent in January' 16 monetary policy statement. The primary reason for the unchanged policy rate was because ofinflation moving in upward trajectory as it rose for third consecutive month reaching 3.2% YoY in December 2015. SBP expects the average inflation to remain in the range of 3 to 4 percent in FY16 on back of moderate pickup in domestic demand and further ease in supply side constraints.

Money Market

Due to inflation moving in upward trajectory, the Monetary Policy Committee (MPC) of SBP kept the discount rate unchanged at 6.0 percent for next two months in the January' 2016 monetary policy statement (MPS). Government raised total amount of PKR 4.73 trillion in 9MFY16 compared to PKR 3.51 trillion raised in corresponding period last year through T-Bills and PIB auctions. The State Bank of Pakistan (SBP) carried out a total of 20 T-Bills auctions in the period under review, where the government managed to raise PKR 4.06 trillion. While only PKR 1.55 trillion were raised during 3QFY16. SBP also conducted 8 auctions of PIBs and managed to raise PKR 668 billion during 9MFY16. During this period, weighted average yield on 3, 6, 12-months T-Bills were 6.45%, 6.46%, 6.52% respectively down from 9.41%, 9.41%, and 9.36% during the corresponding period last year. The PIB auctions followed suit where weighted average maturities yield on 3, 5, 10 years PIB declined to 7.10%, 8.028%, 9.06% from 10.67%, 11.11%, 11.74% respectively from the corresponding period last year. During 9MFY16, State Bank of Pakistan conducted 70 open market operations (OMO's) of different maturities and injected an average amount of PKR 706 billion per OMO at an average cut off yield of 6.16%.

Future Outlook

Pakistan continues to face key challenges in the form of a severe energy crisis, which is hurting competitiveness of companies, creating hurdles in economic progression and adversely affecting the trade deficit. However, China Pakistan Economic Corridor (CPEC) worth USD 46 billion is expected to spur high economic growth by boosting investment in transportation, infrastructure and addressing the energy crisis. Pakistan macroeconomic indicators continue to show improvement due to lower commodity prices, which has led to an improved current account position and low inflation. This has helped to improve investors' confidence as measured by various agencies like State Bank of Pakistan, Fitch and Moody's Ratings.

Going forward, we believe that the economy of Pakistan is expected to achieve sustainable growth driven by relatively stable exchange rate, adequate foreign exchange reserves, low inflation rate, increase in foreign remittances and growth in tax collection. Pakistan equity market is expected to perform well in the 4QFY16, where we expect KSE-100 index to witness a strong performance on the back of lower policy rate, improved economic outlook, materialization of privatization process and growth in corporate profitability. Moreover, MSCI's decision to review Pakistan for potential reclassification into emerging markets is another reflection of strengthening economic dynamics. A reclassification will improve the outlook of Pakistan's stock market and its exposure to foreign institutional investors.

Economy

The key macroeconomic indicators continued to exhibit improvements in 9MFY16 based on the prudent monetary and fiscal policy, subdued CPI inflation, stable exchange rate, adequate foreign reserves, low current account deficit despite sharp decline in exports and an improved fiscal position.

Large Scale Manufacturing (LSM) growth has witnessed an upward trajectory on the back lower commodity prices, better energy supplies, increased domestic demand for consumer durables and expansion of construction activities. It showed growth of 4.1%YoY during July-Jan FY16 as compared to 3.1%YoY in the same period last year. Looking forward, economic activity is expected to improve further on the back of materialization of mega projects worth USD 46 billion under China-Pakistan Economic Corridor (CPEC).

Headline Consumer Price Index (CPI) has been considerably low, reaching 2.6%YoY for 9MFY16 as compared to 5.1%YoY in the corresponding period last year. Subdued inflation was due to falling oil and commodity prices internationally. Keeping in view the depressed outlook of global commodities prices, expectation of a moderate pickup in domestic demand and further ease in supply side constraints, SBP expects that average inflation in FY16 to remain in the range of 3%YoY to 4%YoY.

Most important achievement on the macroeconomic front has been continuous improvement in liquid foreign exchange reserves position. Total foreign reserves increased to USD 21.42 billion at the end of 9MFY16 as compared to USD 16.6 billion in the corresponding period last year. Overseas Pakistani workers remitted USD 12.74 billion in 8MFY16, a growth of 6.07%YoY against remittance amounting to USD 11.98 billion received during the same period preceding year. In addition, International Monetary Fund (IMF) released its 10th tranche of USD 502 million in March 2015 under Extended Fund Facility. Previously, IMF had approved the three-year extended arrangement of about USD 6.64 billion for Pakistan of which USD 5.53 billion has been disbursed already. Moreover, 10-year Eurobond worth $500 million also matured in 2QFY16 leading to no substantial changes in foreign reserve.

On other hand, Federal Board of Revenue (FBR) almost met the revenue collection target of Rs 2.1 trillion for 9MFY16 by collecting over Rs2.09 trillion during the period. This performance can be attributed to better revenue generation as well as decline in non-development spending. Government revenue has grown by 17% during 8MFY16 as compared to corresponding period on the back of additional tax measures that government took in second quarter including (i) one percent across the board increase in custom duties; (ii) additional regulatory duty on 400 consumer items (iii) additional FED on cigarettes (iv) and one time super tax of 4% on bank's income.

Balance of payments position of Pakistan deteriorated in the period under review, as the exports tumbled by 13.29% in 8MFY16 to USD 13.86 billion from USD 15.99 billion in the corresponding period last year. However, Imports were also on a declining trend during 8MFY16, as they fell by 5.04% YoY reaching USD 28.5 Billion. Despite falling imports, trade deficit increased by 4.08%YoY reaching USD 14.49 billion during 8MFY16, as opposed to USD 15.08 billion in same period last year. Steep decline in exports offset much of the gains resulted from falling imports leading to increase trade deficit.

Pakistan economic growth in expected to accelerate in future on back of strong growth in industry, reduction in fiscal and current account deficit and strong growth in remittances. International Monetary Fund (IMF) and World Bank (WB) have expressed satisfaction regarding strong progress of economic activities in Pakistan in their recent view. These reviews are expected to build the investors' confidence witnessing improved investment activity going forward.

Money Market

Due to increasing inflation in upward trajectory, the Monetary Policy Committee (MPC) of SBP kept the discount rate unchanged at 6.0 percent for next two months in the January' 2016 monetary policy statement (MPS). Government raised total amount of PKR 4.73 trillion in 9MFY16 compared to PKR 3.51 trillion raised in corresponding period last year through T-Bills and PIB auctions. The State Bank of Pakistan (SBP) carried out a total of 20 T-Bills auctions in the period under review, where the government managed to raise PKR 4.06 trillion. While only PKR 1.55 trillion were raised during 3QFY16. SBP also conducted 8 auctions of PIB's and managed to raise PKR 668 billion during 9MFY16. During this period, weighted average yield on 3, 6, 12-months T-Bills were 6.45%, 6.46%, 6.52% respectively down from 9.41%, 9.41%, and 9.36% during the corresponding period last year. The PIB auctions followed suit where weighted average maturities yield on 3, 5, 10 years PIB declined to 7.10%, 8.028%, 9.06% from 10.67%, 11.11%, 11.74% respectively from the corresponding period last year. During 9MFY16, State Bank of Pakistan conducted 70 open market operations (OMO's) of different maturities and injected an average amount of PKR 706 billion per OMO at an average cut off yield of 6.16%.

Future outlook

Currently Pakistan is facing a complex situation, with war against terrorism on one hand and energy crisis on the other, creating major hurdles in way of achieving its true economic potential. In addition, global environment is going through a downturn because depressed growth in China, EU financial crunch and declining commodity prices. Despite the various challenges, Pakistan's economy is moving in the positive direction and performing better than other global economies as evident from healthy economic indicators such as GNP, GDP, FDI and stock market performance. This improvement is linked to the soft oil prices which improved the country's balance of payment positionwhile IMF EFF program payments further helped build up the foreign exchange reserves. In addition to that, government's focus on energy projects is expected to resolve the prevailing energy crisis and improve the competitiveness of industries.

China Pakistan Economic Corridor (CPEC) worth USD 46 billion is going to be a remarkable development for economic growth in the country through investments in transportation, infrastructure and the energy sector. Going forward, we believethe economy of Pakistan is expected to achieve sustainable growth on the back of increase in tax revenue collection, favorable commodity prices, low inflation, and increase in foreign exchange reserves & foreign remittances. Moving forward, trigger in market can result from Pakistan's review for classification as MSCI emerging market and Pre-budget FY17 news flows. However political uncertainty and alarming security situation in the country will continue to pose risks in future.

NOTES TO AND FORMING PART OF CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED)

FOR THE NINE MONTHS PERIOD AND QUARTER ENDED MARCH 31, 2016

1. LEGAL STATUS AND NATURE OF BUSINESS

AKD Aggressive Income Fund (the Fund) was established under a Trust Deed executed between AKD Investment Management Limited (AKDIML - Management Company) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Securities and Exchange Commission of Pakistan (SECP) authorised constitution of the trust deed on September 11, 2006 and it was executed on October 2, 2006 in accordance with the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules). The Fund commenced operations from March 23, 2007.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by SECP. The registered office of the Management Company is situated at 216-217, Continental Trade Centre, Block 8, Clifton, Karachi, in the province of Sindh.

The Fund is an open ended mutual fund and is listed on the Pakistan Stock Exchange Limited (formerly Karachi Stock Exchange Limited). Units are offered for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund.

The Fund is classified as Aggressive Fixed Income Scheme. The principal activity of the Fund is to make investments in government securities, cash in bank account, money market placements, deposits, certificate of deposits (COD), certificate of mushrakas (COM), TDRs, commercial paper, reverse repo, TFC/Sukuk, spread transactions and transactions under Margin Trading System. Title of the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

The Pakistan Credit Rating Agency Limited (PACRA) and JCR-VIS Credit Rating Company Limited (JCR-VIS) has assigned Asset Manager / Management Quality rating of "AM3" to the Management Company dated March 31, 2016 and January 06, 2016 respectively. JCR-VIS Credit Rating Company Limited (JCR-VIS) has also assigned fund stability rating of "BBB(f)" to the Fund dated December 31, 2015.

This condensed interim financial information is presented in Pak Rupees which is the functional and presentation currency of the Fund.

2. STATEMENT OF COMPLIANCE

2.1 This condensed interim financial information have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or directives issued by SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by SECP shall prevail.

2.2 This condensed interim financial information comprises of condensed interim statement of assets and liabilities, condensed interim income statement, condensed interim distribution statement, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement together with the notes forming part thereof. The disclosures made in this condensed interim financial information have, however, been limited based on the requirements of the International Accounting Standard 34, 'Interim Financial Reporting'. It does not include all the information and disclosures made in the annual published financial statement and should be read in conjunction with the financial statements of the Fund for the year ended June 30, 2015.

2.3 This condensed interim financial information is unaudited and these condensed interim financial information is being circulated to the unit holders as required under the NBFC Regulations.

2.4 The directors of the Asset Management Company declare that this condensed interim financial information give a true and fair view of the Fund.

3. SIGNIFICANT ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS

3.1 The accounting policies, estimates, judgments and the methods of computation adopted in the preparation of this condensed interim financial information are the same as those applied in the preparation of the annual published financial statements of the fund for the year ended June 30, 2015. Certain new IFRSs and amendments to existing IFRSs are effective for periods beginning on or after July 1, 2015, which donot have any impact on this condensed interim financial information except for IFRS 13 “Fair Value Measurement”.

IFRS 13 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. However, it does not change the requirements regarding which items should be measured or disclosed at fair value. The scope of IFRS 13 is broad; it applies to both financial instrument items and non-financial instrument items for which other IFRSs require or permit fair value measurements and disclosures about fair value measurements, except in specified circumstances. The application of this standard does not have an impact on this condensed interim financial information except certain additional disclosures as given in note 17.

3.2 The preparation of condensed interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. In preparing this condensed interim financial information, significant judgments made by management in applying accounting policies and the key sources of estimation and uncertainty were the same as those that applied to the financial statements as at and for the year ended June 30, 2015.

3.3 Amendments to certain existing standards and interpretations on approved accounting standards effective during the period were not relevant to the Fund's operations and did not have any impact on the accounting policies of the Fund and therefore not disclosed in this condensed interim financial information.

3.4 The Fund's risk management objectives and policies are consistent with those objectives and policies which were disclosed in the financial statements of the Fund as at and for the year ended June 30, 2015.

6.1 All monthly installments and upfront payment has been received in full as per agreed terms. The balance receivable will be recovered against 425,000 shares of Pace Baraka Limited at an agreed value of Rs. 2.76 million.

6.2 In view of the adverse financial position, Security Leasing Corporation Limited had deferred the payment of 3rd redemption pertaining to 1,722,625 shares (face value of Rs. 10 each) due in November 2009 and 4th redemption pertaining to 1,722,625 shares (face value of Rs. 10 each) due in November 2010.

During the year ended June 30, 2015 the management made provision amounting to Rs. 6.25 million on the basis of breakup per share as per the financial statements of Security Leasing for the nine months ended March 31, 2015. The management believes that no further provision is required against this amount.

6.2.1 Non-compliance with the investment criteria as specified by the Securities and Exchange Commission of Pakistan

The Securities and Exchange Commission of Pakistan vide circular no. 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorization criteria laid down in the circular. AKD Investment Management Limited (Management Company) classified AKD Aggressive Income Fund (the Fund) as 'Aggressive Fixed Income Scheme' in accordance with the said circular. As at March 31, 2016, the Fund is compliant with all the requirements of the said circular except for investment in preference shares of Security Leasing Corporation Limited.

9.1 The Finance Act 2013 introduced an amendment to Federal Excise Act 2005 where by Federal Excise Duty (FED) has been imposed at the rate of 16% of the services rendered by assets management companies.

In this regard, a Constitutional Petition has been filed by certain Collective Investment Schemes through their trustees in the Honourable Sindh High Court (SHC), challenging the levy of FED on Asset Management services after the eighteenth amendment. In this respect, the SHC has issued a stay order against the recovery of FED and the hearing of the petition is still pending. The management, as a matter of prudence, has decided to retain and continue with the provision of FED in financial information aggregating to Rs. 3.666 million as at March 31, 2016. Had the said provision of FED were not recorded in the books of account of the Fund, the NAV of the Fund would have been higher by Re. 0.29 per unit (0.53%) as at March 31, 2016.

9.2 Under the provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations), the Management Company of the Fund is now entitled to a remuneration of an amount not exceeding 1.5 percent of average annual net assets in case of Aggressive Fixed Income Fund through amendments in the said regulations vide SRO 1160(I)/2015 dated November 25, 2015.

During the current period, the Management Company has charged 1.5 percent of daily net assets value of the Fund.

9.3 The Provincial Government of Sindh has levied Sindh Sales Tax at the rate of 14% (June 30, 2015: 15%) on the remuneration of the Management Company through the Sindh Sales Tax on Services Act, 2011.

9.4 The reimbursable expenses have been charged as per NBFC Regulation 60, which states that fees and expenses related to registrar services, accounting, operation and valuation services related to CIS maximum upto 0.1% of average net assets of the Scheme or actual whichever is less. The Fund has started to charge the reimbursable expenses from Jan 22, 2016.

10.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily Net Assets of the Fund.

10.2 The Sindh Revenue Board through Circular No. SRB 3-4/TP/01/2015/86554 dated June 13th 2015 has amended the definition of services of shares, securities and derivatives and included the custodianship services as well. Accordingly, Sindh Sales Tax of 14% is applicable on Trustee fee which is now covered under the section 2(79A) of the Sindh Finance Bill 2010 (amended upto 2015).

11. PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

12.1 PROVISION FOR WORKERS' WELFARE FUND

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance), whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, all Collective Investment Schemes (CISs) / mutual funds whose income exceeds Rs.0.5 million in a tax year have been brought within the scope of the WWF Ordinance thus rendering them liable to pay whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable Sindh High Court (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In 2011, a single judge of the Honourable Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down.

However in 2013, the Larger Bench of Honourable Sindh High Court (SHC) issued a judgment in response to a petition in another similar case in which it was held that the amendments introduced in the WWF Ordinance through Finance Acts, 2006 and 2008 do not suffer from any constitutional or legal infirmity.

Further in 2014, the Peshawar High Court (PHC) has also held these amendments to be ultra vires as they lacked essential mandate to be introduced and passed through the Money Bill under the Constitution.

The Finance Act 2015 incorporated an amendment in WWF Ordinance by excluding Collective Investment Scheme (CIS) from the definition of Industrial Establishment, and consequently CIS are no more liable to pay contribution to WWF with effect from July 01, 2015. Owing to the fact that decision of SHC on the applicability of WWF (till June 30, 2015) to the CISs is currently pending for adjudication, the Management Company has decided to retain the provision of WWF in its books of accounts and financial statements till June 30, 2015 which aggregates to Rs. 4.847 million. Had the said provision of WWF not been recorded in the books of accounts of Fund, the NAV of the Fund would have been higher by Re. 0.38 per unit (0.70%). However, with effect from July 01, 2015, the Fund stopped making further provision of WWF in pursuance to the said amendment of the Finance Act 2015.

On June 04, 2015, the Provincial Assembly of Sindh promulgated the Sindh Worker's Welfare Fund Act, 2015 (the "SWWFA 2015"). The management company is of the view that mutual funds do not fall under the definition of financial institutions, as referred in section 2(g)(v) of the said Act and therefore its income is not subject to charge accordingly.

13. CONTINGENCIES AND COMMITMENTS

13.1 Contingencies

There were no contingencies as at March 31, 2016 and June 30, 2015.

14. TAXATION

The Fund's income is exempt from Income Tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (the Ordinance) subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised, is distributed amongst the unit holders. The Fund is also exempt from the provision of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Ordinance. As the management intends to distribute at least 90% of income earned during current year to the unit holders, therefore no provision for taxation has been made in this condensed interim financial information.

15. EARNINGS PER UNIT - BASIC AND DILUTED

Earnings per unit (EPU) has not been disclosed, as in the opinion of the management, determination of cumulative weighted average number of outstanding units for calculating earnings per unit is not practicable.

17. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund's accounting policy on fair value measurements of investments is discussed in note 3 to these financial statements.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:
