AKD Islamic Stock Fund (AKDISSF)

For FY18, the return of AKD Islamic Stock Fund (AKD Islamic Stock Fund was launched on 20th Feb, 2018) was -6.00% compared to the benchmark KMI-30 Index return of -1.81%.

MACRO PERSPECTIVE

Pakistan's real GDP continued its upward trajectory, displaying a thirteen year high growth of 5.8% in FY18 up from 5.3% in FY17. This growth was led by impressive private sector credit performance, improving agricultural output, notable manufacturing & services growth, recovery in exports, lowest policy rate, increase in FDI and remittances, improvement in energy supply to various sectors and higher LSM growth. At the same time, progress on China Pakistan Economic Corridor (CPEC) projects, improved law and order and contained inflation fueled growth. The large scale manufacturing sector which constitutes 80% of total manufacturing and 11% of the overall GDP exhibited a growth of 6% during July-May 18 as opposed to 5.6% during the same period last year. This was particularly led by growth in electronics (36%), Iron & Steel Products (22.02%), automobiles (18.03%), and Coke & Petroleum products (13.53%)

The performance of the agricultural sector was remarkable in FY18 as it achieved 3.81% growth, above its target of 3.5%. This significant growth was achieved on the back of higher yields, attractive output prices, supportive government policies and timely availability of agriculture inputs including fertilizer and pesticides. On the contrary, the service sector disappointingly posted negative growth of 7% YoY in FY18.

During FY18, Consumer Price Index (CPI) clocked in at 3.92% as compared to 4.16% in FY17. CPI remained much below the annual target of 6% set by the SBP. However, ground realities are changing rapidly as evident from rising headline and core inflation for June'18, clocking in at 5.2% and 7.1% (YoY) respectively following second round impact of currency depreciation (~16% in FY18). Therefore, State Bank of Pakistan (SBP) raised the policy rate by 100bps to 7.5% in July-18 monetary policy statement to prevent economy from overheating.

According to SBP, the current account deficit (provisional) clocked in at USD 17.99 billion (5.7% of GDP) in FY18 against USD 12.62 billion (4.1% of GDP) in corresponding period last year. This substantial increase is mainly due to imports growth, up 14.7% YoY, sluggish exports, up 12.6% YoY and dismal growth in remittances, up by a mere 1.41% YoY.

On the fiscal front, Federal Board of Revenue (FBR) collected total tax revenue of PKR 3.84 trillion in FY18 but failed to achieve its revised target of PKR 3.93 trillion in FY18. The total revenue collected from the much hyped Amnesty Scheme for undisclosed foreign and domestic assets was around Rs120 billion, out of which Rs 97 billion was collected in FY18, much below expectations.

The Federal Budget 2018-2019 introduced tough policies for various sectors, primarily autos, cements, and real estate. Restriction on non-filers for purchase of new cars has adversely impacted the auto sector as majority of the population falls in this category. Moreover, real estate sector has taken a hit by further restrictions on non-filers for purchase of property over 5 million PKR. On the other hand, these measures are expected to improve tax collection in the long run with improvement in tax base in country. Furthermore, curtailment of PSDP announced in Federal Budget-18/19, due to restricted fiscal space, is expected to dampen the overall demand in economy particularly cements and steel sector.

Going forward, agriculture sector growth is expected to remain below target in FY19 mainly due to looming water crisis which is likely to constrain agriculture production whereas the manufacturing sector is expected to remain steady owing to high base effect, ongoing monetary tightening and some sector specific issues. Consequently, SBP expects FY19 GDP growth to be around 5.5% as compared to annual target of 6.2%. Depreciation of PKR, will make the imports expensive and exports competitive internationally, thereby relieving some pressure on current account. Furthermore, possible bailout from IMF, financial assistance from other countries (China, Saudi Arabia) and expected improvement in remittances due to support of overseas Pakistanis for PTI government may provide much needed breather to the external account.

CPEC investments will continue to play a major role in attracting investment in Pakistan to provide an impending support to the deteriorating external account. That said, any deterioration on the external front (increase in oil prices, stagnant in remittances, worsening trade balance) pose a major risk to PKR-USD parity in our view. Furthermore, the circular debt situation has reached alarming levels again in the power sector and will need concrete steps to arrest its rise. However, given the limited fiscal space, any one off settlement seems unlikely. Overall, clarity about the economic policies of the incoming PTI government will remain a key determinant of macro performance.

EQUITY MARKET REVIEW

During FY18, KSE-100 index started the year at 46,565 points and ended the year at 41,911 KSE-100 index, exhibiting a decline of 10.00%.

This decline can be largely attributed to faltering investor confidence stemming from political uncertainty in election year, growing economic concerns (BOP, currency movement) which worsened with SBP's Fx reserves falling below US$10bn (just 2months import cover). Moodys' downgraded outlook on Pakistan to negative and continuous foreign selling from emerging markets (US $ 289mn) resulted in trading volumes also dropping during the period under review.

Sector specific events also played a significant role in the equity market performance. Cement sector (KSE 100 Index weight ~8%) led the decline (down 41.3%) as raised concerns of overcapacities in the medium run and indications of price war intensified. Moreover, hike in interest rate (75bps in FY18) was unable to make heavy weight banks (KSE 100 Index weight ~24%) to provide support to plummeting index and negatively impacted the auto sector (KSE-100 Index weight ~ 4%). On the contrary, E&P (KSE 100 Index weight ~15%) and chemical sector (KSE-100 Index weight ~ 2%) were the star performers for the year on the back of recovering oil prices and currency devaluation (16%).

Moving ahead, we believe that drastic and unprecedented economic reforms are on the cards under the new PTI government. Austerity measures (curb in PSDP, unproductive spending), strict steps against rampant corruption, call for widespread accountability across the board, radical efforts to expand tax base and focus on addressing core issues (health, education, justice, unemployment) will determine the equity market direction and overall performance of economy. Moreover, sector specific policies including for cements (Dam, PSDP), autos (interest rate, auto policy), fertilizer (subsidy, gas prices), and steel (import duties) among others will set the tone for the market. Recovering of wealth parked abroad and role of oversees Pakistanis will remain a key component of the policies of incoming Government.

The KSE-100 index currently trades at a forward PE of ~7.57x with a dividend yield of6.60%, which offers a significant discount compared to MSCI Emerging Markets Index and regional economies.

FUTURE OUTLOOK

Overall, we believe that the economic outlook for FY19 remains challenging. Real growth is expected to maintain its momentum as CPEC activities gear while average inflation to remain above its target due to recent depreciation of PKR. Likely, IMF program with stringent conditions will remain a major issue to deal with for the new Government. Current account deficit remains a grave concern and needs urgent remedial measures to boost foreign inflow and control unproductive imports. Key risks can stem from any increase in international oil prices and stagnant exports. There is hope that overseas Pakistanis will support the PTI government and increasing remittances will provide some respite. The impact of the radical measures being announced by incoming Government is yet to be seen and will majorly influence any possible improvement in economy.

Moreover, the increasing level of inflation is expected to warrant further hikes in discount rates, where we expect another 50bps hike in Sep-18 MPS. We believe its impact on market would be negative as Investors will realign their portfolio from equity market to debt market for higher yield. However, our market mostly consists of cash rich corporate sector with healthy profits, operating in an economy with a domestic market of approximately 207 million consumers might provide some relief in medium to long term.

In our view the KSE-100 Index trading at a forward Price-to-earnings (P/E) and Dividend Yield (DY) of 7.57x and 6.60% respectively (compared to Emerging Market P/E and DY of 13.80x and 2.62% respectively), offers an attractive investment opportunity.

MONEY MARKET REVIEW

During FY18, The State Bank of Pakistan (SBP) carried out 26 T-bills auctions where the government managed to raise PKR 17.29 trillion. During this period, weighted average yield on 3, 6, and 12 months T-bills were at 5.98%, 6.13% and 6.04% respectively up from 5.92%, 5.94% and 5.95% during the corresponding period last year.

SBP also conducted 12 auctions of PIB's and managed to raise PKR 101.73 billion during FY18. The PIB auctions followed suit where weighted average maturities yield on 3, 5 and 10 years PIB increased to 7.06%, 7.86% and 8.40% respectively from 6.30%, 6.81% and 7.87% in the corresponding period last year.

The domestic debt consists of 31% of short term T-bills while long term PIB's consist of 20% of the total domestic debt. This debt profiling is indicative of a rising interest rate scenario moving ahead. This debt management strategy has increased the re-financing risk for the Government due to shortening of maturity profile.

The Government announced Monetary Policy Statement on July, 2018, where the committee decided to hike the policy rate by 100bps to 7.5% in view of reversal of international oil and commodities prices and to address the domestic demand pressures as well as exchange rate movement. During 01 July-30 March, FY2018 Broad Money (M2) observed an expansion of Rs 770.9 billion (growth of 5.29 percent) compared to expansion of Rs 756.1 billion (5.9 percent) in the same period last year. Similarly, reserve money growth contained at 5.6 percent during 01 July-30 March, FY2018 compared to the growth of 7.9 percent during the comparable period of last year.

STATEMENT OF CORPORATE AND FINANCIAL REPORTING FRAMEWORK

(a) The financial statements, prepared by the Management Company of the Funds, present fairly the state of affairs of the Fund, the result of its operations, cash flows and movement in unit holders' funds.

(b) Proper books of account of the Funds have been maintained.

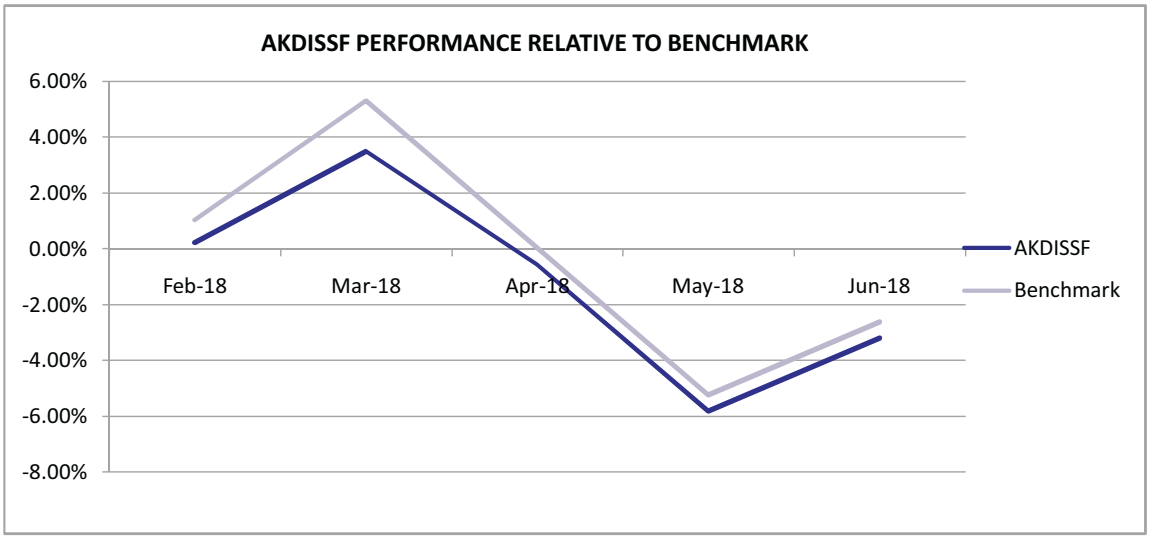
For FY'18, the return of AKD Islamic Stock Fund (AKD Islamic Stock Fund was launched on 20th Feb, 2018) was -6.00% compared to the benchmark KMI-30 Index return of -1.81%.

iv) Statement of benchmark (s) relevant to the Collective Investment Scheme:

KMI-30 index

v) Comparison of the Collective Investment Scheme's performance during the period compared with its said benchmark:

Monthly yield	Feb-18	Mar-18	Apr-18	May-18	Jun-18
AKDISSF	0.22%	3.50%	-0.55%	-5.81%	-3.19%
Benchmark	1.02%	5.31%	0.05%	-5.25%	-2.63%



vi) Description of the strategies and policies employed during the period under review in relation to the Collective Investment Scheme's performance:

AKD Islamic stock fund is an open - end Islamic equity scheme; the return of the Fund is generated through investment in Islamic stocks which have strong growth potential. AKDISSF is fully complied with the relevant policies and procedures as per Fund's regulatory requirements.

vii) **Disclosure of Collective Investment Scheme's asset allocation as the date of report and particulars of significant changes in asset allocation since the last report (if applicable):**

Asset Allocation (% of Total Assets)	30-June-18	31-Mar-18
Equities	96.56%	84.65%
Cash	1.75%	13.25%
Other Assets	1.68%	2.10%

viii) **Analysis of the Collective Investment Scheme's performance:**

AKSISSF	-6.00%
Benchmark Return	-1.81%

ix) **Changes in the total NAV and NAV per unit since the last reviewed period:**

Net Asset Value			NAV Per Unit	
30-June-18	31-March-18	Change in Net Assets	30-June-18	31-Mar-18
(Rupees In "000")			Rs.	Rs.
215,691	213,816	0.88%	46.9975	51.8978

x) **Disclosure on the markets that the Collective Investment Scheme has invested in including - review of the market (s) invested in and returns during the period:**

MACRO PERSPECTIVE

Pakistan's real GDP continued its upward trajectory, displaying a thirteen year high growth of 5.8% in FY18 up from 5.3% in FY17. This growth was led by impressive private sector credit performance, improving agricultural output, notable manufacturing & services growth, recovery in exports, lowest policy rate, increase in FDI and remittances, improvement in energy supply to various sectors and higher LSM growth. At the same time, progress on China Pakistan Economic Corridor (CPEC) projects, improved law and order and contained inflation fueled growth. The large scale manufacturing sector which constitutes 80% of total manufacturing and 11% of the overall GDP exhibited a growth of 6% during July-May 18 as opposed to 5.6% during the same period last year. This was particularly led by growth in electronics (36%), Iron & Steel Products (22.02%), automobiles (18.03%), and Coke & Petroleum products (13.53%)

The performance of the agricultural sector was remarkable in FY18 as it achieved 3.81% growth, above its target of 3.5%. This significant growth was achieved on the back of higher yields, attractive output prices, supportive government policies and timely availability of agriculture inputs including fertilizer and pesticides. On the contrary, the service sector disappointingly posted negative growth of 7% YoY in FY18.

During FY18, Consumer Price Index (CPI) clocked in at 3.92% as compared to 4.16% in FY17. CPI remained much below the annual target of 6% set by the SBP. However, ground realities are changing rapidly as evident from rising headline and core inflation for June'18, clocking in at 5.2% and 7.1% (YoY) respectively following second round impact of currency depreciation (~16% in FY18). Therefore, State Bank of Pakistan (SBP) raised the policy rate by 100bps to 7.5% in July-18 monetary policy statement to prevent economy from overheating.

According to SBP, the current account deficit (provisional) clocked in at USD 17.99 billion (5.7% of GDP) in FY18 against USD 12.62 billion (4.1% of GDP) in corresponding period last year. This substantial increase is mainly due to imports growth, up 14.7% YoY, sluggish exports, up 12.6% YoY and dismal growth in remittances, up by a mere 1.41% YoY.

On the fiscal front, Federal Board of Revenue (FBR) collected total tax revenue of PKR 3.84 trillion in FY18 but failed to achieve its revised target of PKR 3.93 trillion in FY18. The total revenue collected

from the much hyped Amnesty Scheme for undisclosed foreign and domestic assets was around Rs120 billion, out of which Rs 97 billion was collected in FY18, much below expectations.

The Federal Budget 2018-2019 introduced tough policies for various sectors, primarily autos, cements, and real estate. Restriction on non-filers for purchase of new cars hasadversely impacted the auto sector as majority of the population falls in this category. Moreover, real estate sector has taken a hit by further restrictions on non-filers for purchase of property over 5 million PKR. On the other hand, these measures are expected to improve tax collection in the long run with improvement in tax base in country. Furthermore, curtailment of PSDP announced in Federal Budget-18/19, due to restricted fiscal space, is expected to dampen the overall demand in economy particularly cements and steel sector.

Going forward, agriculture sector growth is expected to remain below target in FY19 mainly due to looming water crisis which is likely to constrain agriculture production whereas the manufacturing sector is expected to remain steady owing to high base effect, ongoing monetary tightening and some sector specific issues. Consequently, SBP expects FY19 GDP growth to be around 5.5% as compared to annual target of 6.2%. Depreciation of PKR, will make the imports expensive and exports competitive internationally, thereby relieving some pressure on current account. Furthermore, possible bailout from IMF, financial assistance from other countries (China, Saudi Arabia) and expected improvement in remittances due to support of overseas Pakistanis for PTI government may provide much needed breather to the external account.

CPEC investments will continue to play a major role in attracting investment in Pakistan to provide an impending support to the deteriorating external account. That said, any deterioration on the external front (increase in oil prices, stagnant in remittances, worsening trade balance) pose a major risk to PKR-USD parity in our view.Furthermore, the circular debt situation has reached alarming levels again in the power sector and will need concrete steps to arrest its rise. However, given the limited fiscal space, any one off settlement seems unlikely. Overall, clarity about the economic policies of the incoming PTI government will remain a key determinant of macro performance.

EQUITY MARKET REVIEW

During FY18, KSE-100 index started the year at 46,565 points and ended the year at 41,911KSE-100 index, exhibiting a decline of 10%.

This decline can be largely attributed to faltering investor confidence stemming from political uncertainty in election year, growing economic concerns (BOP, currency movement) which worsened with SBP's Fx reserves falling below US$10bn (just 2months import cover). Moodys' downgraded outlook on Pakistan to negative and continuous foreign selling from emerging markets (US $ 289mn) resulted in trading volumes also dropping during the period under review.

Sector specific events also played a significant role in the equity market performance. Cement sector (KSE 100 Index weight ~8%) led the decline (down 41.3%) as raised concerns of overcapacities in the medium run and indications of price war intensified. Moreover, hike in interest rate (75bps in FY18) was unable to make heavy weight banks (KSE 100 Index weight ~24%) to provide support to plummeting index and negatively impacted the auto sector (KSE-100 Index weight ~ 4%). On the contrary, E&P (KSE 100 Index weight ~15%) and chemical sector (KSE-100 Index weight ~ 2%) were the star performers for the year on the back of recovering oil prices and currency devaluation (16%).

Moving ahead, we believe that drastic and unprecedented economic reforms are on the cards under the new PTI government. Austerity measures (curb in PSDP, unproductive spending), strict steps against rampant corruption, call for widespread accountability across the board, radical efforts to expand tax base and focus on addressing core issues (health, education, justice, unemployment) will determine the equity market direction and overall performance of economy. Moreover, sector specific policies including for cements (Dam, PSDP), autos (interest rate, auto

policy), fertilizer (subsidy, gas prices), and steel (import duties) among others will set the tone for the market. Recovering of wealth parked abroad and role of oversees Pakistanis will remain a key component of the policies of incoming Government.

The KSE-100 index currently trades at a forward PE of ~7.57x with a dividend yield of6.60%, which offers a significant discount compared to MSCI Emerging Markets Index and regional economies.

FUTURE OUTLOOK

Overall, we believe that the economic outlook for FY19 remains challenging. Real growth is expected to maintain its momentum as CPEC activities gear while average inflation to remain above its target due to recent depreciation of PKR. Likely, IMF program with stringent conditions will remain a major issue to deal with for the new Government. Current account deficit remains a grave concern and needs urgent remedial measures to boost foreign inflow and control unproductive imports. Key risks can stem from any increase in international oil prices and stagnant exports. There is hope that overseas Pakistan will buy into the PTI government and increasing remittances will provide some respite. The impact of the radical measures being announced by incoming Government is yet to be seen and will majorly influence any possible improvement in economy.

xi) Description and explanation of any significant changes in the state of the affairs of the Collective Investment Scheme during the period and up till the date of Fund Manager's report, not otherwise disclosed in the financial statements:

There were no significant changes in the state of affairs during the period and up till the date of Fund Manager's report under review.

xii) Disclosure of any split (if any), comprising:

There were no unit splits during the period.

xiii) Break down of unit holding size:

Range (Units)	No. of Investors
0.1 - 9,999	260
10,000 - 49,999	41
50,000 - 99,999	3
100,000 - 499,999	8
500,000 and above	1
	313

xiv) Disclosure of circumstances that materially affect any interests of unit holders:

Investments are subject to credit and market risk.

xv) Disclosure if the Asset Management Company or its delegate, if any, receives any soft commission (i.e. goods and services) from its broker (s) or dealers by virtue of transaction conducted by the Collective Investment Scheme:

No soft commission has been received by the AMC from its broker or dealer by virtue of transactions conducted by the Collective Investment Scheme.

REPORT OF THE SHARIAH ADVISOR

August 30, 2018

The purpose of this report is to provide an opinion on the Shariah Compliance of the Fund's investment and operational activities with respect to Shariah guidelines provided.

It is the core responsibility of the Management Company to operate the Fund and invest the amount of money in such a manner which is in compliance with the Shariah principles as laid out in the Shariah guidelines. In the capacity of the Shariah Advisor, our responsibility lies in providing Shariah guidelines and ensuring compliance with the same by review of activities of the fund. We express our opinion based on the review of the information, provided by the management company, to an extent where compliance with the Shariah guidelines can be objectively verified.

Our review of Fund's activities is limited to enquiries of the personnel of Management Company and various documents prepared and provided by the management company.

Keeping in view the above; we certify that:

We have reviewed all the investment and operational activities of the fund including all transactions and found them to comply with the Shariah guidelines. On the basis of information provided by the management company, all operations of the fund for the year ended June 30, 2018 comply with the provided Shariah guidelines. Therefore, it is resolved that investments in AKD Islamic Stock Fund(AKD-ISF)managed by AKD Investment Management Limited are halal and in accordance with Shariah principles.

May Allah (SWT) bless us and forgive our mistakes and accept our sincere efforts in accomplishment of cherished tasks and keep us away from sinful acts.

For and on behalf of Shariah Supervisory Council of **Al-Hilal Shariah Advisors (Pvt) Limited.**

Mufti Irshad Ahmad Aijaz
Member Shariah Council

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF AKD ISLAMIC STOCK FUND

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of AKD Islamic Stock Fund(the Fund), which comprise the statement of assets and liabilities as at June 30, 2018, and the related income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flowsfor the periodfrom February 19, 2018 to June 30, 2018, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2018, and of its financial performance, cash flows and transactions for the period from February 19, 2018 to June 30, 2018 in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund and Management Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants (IESBA Code)* as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	**Valuation and existence of investment** As disclosed in note 5 to the financial statements, investments amounted to Rs.210.611million as at June 30, 2018. These investments represent a significant item on the statement of assets and liabilities. This is a main driver of the Fund's performance. The Fund invests principally in listed equity securities and there is a risk that appropriate quoted prices may not be used to determine fair value. Further, the Fund may have included investments in its financial statements which were not owned by Fund.	We performed the following steps during our audit of investments: ● evaluate design and implementation of key controls around investments; ● independent testing of valuations with the prices quoted on Pakistan Stock Exchange; ● independently matched securities held by the Fund with the securities appearing in the Central Depository Company account; ● performed purchases and sales testing on a sample of trades made during the period regarding movement of the securities;

S. No.	Key Audit Matter	How the matter was addressed in our audit
2	**Application of accounting policy as a result of amendments in Non-Banking Finance Companies and Notified Entities Regulation, 2008** As disclosed in note 3.11, to the financial statements, on August 03, 2017, SECP issued SRO no. 756(1)/2017 whereby certain amendments were made in the Non-Banking Finance Companies and Notified Entities Regulation, 2008 (the NBFC Regulations). Such amendments introduced definition of Element of Income, and required certain additional disclosures in income statement and statement of movement in unit holders' fund together with removal of requirement to present distribution statement separately. The abovementioned amendments are significant to the Fund and require consideration of various factors in the calculation accounting, presentation and disclosure of the 'Element of Income' in the financial statements. Considering the significance of the amendments, we have treated these changes as Key Audit Matter.	In order to address the matter we have: ● held discussions with management regarding the amendments made in the NBFC Regulations, the resulting implications on the financial statements; ● obtained account holder wise movement of all unit holders of the Fund and for a sample of unit holders, verified the movement in terms of units and value (including net asset value per unit) by checking supporting documents to ensure that element of income and income already paid on units redeemed is accurate. Also prepared quantitative reconciliation of units reported; and ● checked adequacy of presentation and disclosure requirements including element of income in in the financial statements as per the requirements of Schedule V of the NBFC Regulations.

Information Other than the Financial Statements and Auditor's Report There on

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management Companyand Those Charged with Governance for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those Charged with Governance of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those Charged with Governance of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Nadeem Yousuf Adil**

Deloitte Yousuf Adil

For AKD Investment Management Limited
(Management Company)

Abdul Karim	**Muhammad Munir**	**Imran Motiwala**
Chairman	Chief Financial Officer	Chief Executive Officer

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM FEBRUARY 19, 2018 TO JUNE 30, 2018

1. LEGAL STATUS AND NATURE OF BUSINESS

AKD Islamic Stock Fund (the Fund) was established under a Trust Deed, dated August 30, 2017, executed between AKD Investment Management Limited (AKDIML) as the Management Company and MCB Financial Services Limited (MCBFSL) as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan (SECP) as a unit trust scheme on May 30, 2017. The initial Public Offering (IPO) of the Fund was made during the period from February 19, 2018 to February 20, 2018 and the Fund commenced operations from February 21, 2018. In accordance with the Trust Deed, the first accounting period of the Fund commenced on the date on which the Fund property was first transferred to the Trustee i.e. February 19, 2018.

The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is situated at 216-217, Continental Trade Centre, Block-8, Clifton, Karachi, in the province of Sindh.

The Fund is an open-ended mutual fund and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.

The Fund is categorised as an open end Shariah Complaint (Islamic) Equity Scheme in accordance with Circular 7 of 2009, issued by the Securities and Exchange Commission of Pakistan (SECP). Al-Hilal Shariah Advisors (Pvt.) Limited acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.

The Pakistan Credit Rating Company Limited (PACRA) has assigned asset manager rating of 'AM3++' to the Management Company dated 22 December 2017.

Title to the assets of the Fund are held in the name of MCB Financial Services Limited as trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and

- Non-Banking Finance Companies (Establishment and Regulations) rules, 2003 (The NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (The NBFC Regulations) and requirement of the Trust Deed

Where provisions of and directives issued under the Companies Act, 2017 , part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulation and requirements of the Trust Deed have been followed.

2.2 New accounting standards / amendments and IFRS interpretations that are effective for the year ended June 30, 2018

The following amendments are effective for the year ended June 30, 2018. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

Amendments	Effective date (accounting period beginning on or after)
Amendments to IAS 7 'Statement of Cash Flows' - Amendments as a result of the disclosure initiative	January 01, 2017
Amendments to IAS 12 'Income Taxes' - Recognition of deferred tax assets for unrealised losses	January 01, 2017

Certain annual improvements have also been made to a number of IFRSs, which are also not relevant to the Fund.

2.3 New accounting standards / amendments and IFRS interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

Amendments	Effective date (accounting period beginning on or after)
Amendments to IFRS 2 'Share-based Payment' - Clarification on the classification and measurement of share-based payment	January 01, 2018
IFRS 9 'Financial Instruments'	July 01, 2018
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding prepayment features with negative compensation and modifications of financial liabilities	January 01, 2019
IFRS 15 'Revenue' - This standard will supersede IAS 18, IAS 11, IFRIC 13, 15 and 18 and SIC 31 upon its effective date.	January 01, 2018
Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' - Sale or contribution of assets between an investor and its associate or joint venture	Effective from accounting period beginning on or after a date to be determined. Earlier application is permitted.
Amendments to IAS 28 'Investments in Associates and Joint Ventures' - Amendments regarding long-term interests in associates and joint ventures	January 01, 2019
Amendments to IAS 40 'Investment Property': Clarification on transfers of property to or from investment property	January 01, 2018
IFRS 16 'Leases': This standard will supersede IAS 17 'Leases' upon its effective date.	January 01, 2019
IFRS 4 'Insurance Contracts': Amendments regarding the interaction of IFRS 4 and IFRS 9.	An entity choosing to apply the overlay approach retrospectively to qualifying financial assets does so when it first applies IFRS 9. An entity choosing to apply the deferral approach does so for annual periods beginning on or after 1 January

Amendments	Effective date (accounting period beginning on or after)
Amendments to IAS 19 'Employee Benefits' - Plan Amendment, Curtailment or Settlement	January 01, 2019
IFRIC 22 'Foreign Currency Transactions and Advance Consideration': Provides guidance on transactions where consideration against non-monetary prepaid asset / deferred income is denominated in foreign currency.	January 01, 2018
IFRIC 23 'Uncertainty over Income Tax Treatments': Clarifies the accounting treatment in relation to determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under IAS 12 'Income Taxes'.	January 01, 2019

2.3.1 IFRS 9 'Financial Instruments' Impact Assessment

IFRS 9 'Financial Instruments' was issued on July 24, 2017. This standard is adopted locally by the Securities and Exchange Commission of Pakistan and is effective from accounting periods beginning on or after July 1, 2018.

Key requirements of IFRS 9 are as follows;

Classification and measurement of financial assets

- All recognized financial assets that are within the scope of IFRS9 are required to be subsequently measured at amortised cost or fair value.

- Debt investments that are held within a business model whose objective is to collect the contractual cash flows, that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods.

- Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are generally measured at fair value through other comprehensive income "FVTOCI".

- All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods.

- In addition, under IFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognized in profit or loss.

Classification and measurement of financial liabilities

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, IFRS 9 requires as follows:

- The amount of change in the fair value of a financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of such changes in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

- Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under IAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.

Impairment of financial assets

In relation to the impairment of financial assets, IFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under IAS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.

SECP through its SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 have deferred the applicability of above provision requirements in relation to debt securities for mutual funds.

2.3.2 Impact assessment

Based on the analysis of Fund's financial assets and liabilities as at June 30, 2018 considering facts and circumstances that exists at that date, the Management Company have assessed the impact of IFRS 9 to the Fund's financial statements as follows;

Quoted equity securities classified as financial assets at fair value through profit or loss - held for trading will continue to be measured at fair value through profit or loss upon application of IFRS 9.

Financial liabilities classified at amortised cost will to be measure in same manner upon application of IFRS 9.

2.3.3 Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 14 – Regulatory Deferral Accounts
- IFRS 17 – Insurance Contracts

2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except that investments are measured at fair value.

2.5 Functional and presentation currency

These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

2.6 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the approved accounting standards requires the management to make estimates, judgements and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgement in application of its accounting policies. The estimates, judgements and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements as a whole are as follows:

(i) classification and valuation of financial assets (notes 5.1); and
(ii) impairment of financial assets

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances.

3.2 Financial assets

3.2.1 Classification

The management determines the appropriate classification of its financial assets in accordance with the requirements of International Accounting Standard 39 (IAS 39), "Financial Instruments: Recognition and Measurement" at the time of purchase of financial assets and re-evaluates this classification on a regular basis. The classification depends upon the purpose for which the financial assets are acquired. The financial assets of the Fund are currently categorised as follows:

a) Investments at fair value through profit or loss - held-for-trading

An investment that is acquired principally for the purpose of generating profit from short-term fluctuations in prices is classified as financial assets at fair value through profit or loss - held-for-trading. Currently, there are no investments of the Fund classified as at fair value through profit or loss - held for trading.

b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

c) Available for sale

These are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables (b) held-to-maturity investments, or (c) financial assets at fair value through profit or loss. These are intended to be held for an indefinite period of time which may be sold in response to the needs for liquidity or change in price.

3.2.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

3.2.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

3.2.4 Subsequent measurement

a) Financial assets 'at fair value through profit or loss - held for trading' and 'available for sale'

Subsequent to initial measurement, financial assets 'at fair value through profit or loss' and 'available for sale' are valued as follows:

Basis of valuation of equity securities

Equity securities are valued on the basis of closing quoted market prices available at the stock exchange. A security listed on the stock exchange for which no sale is reported on the reporting date is valued at its last sale price on the next preceding date on which such exchange is open and if no sale is reported for such date, the security is valued at an amount neither higher than the closing asked price nor lower than the closing bid price.

Net gains and losses arising on changes in the fair value of financial assets carried at fair value through profit or loss are taken to 'income statement and other comprehensive income'.

Net gains and losses arising from changes in the fair value of available for sale financial assets are taken to the statement of comprehensive income until these are derecognised or impaired. At the time of impairment or derecognition, the cumulative gain or loss previously recognised under comprehensive income is shown in the income statement.

a) Loans and receivables

Subsequent to initial recognition financial assets classified as 'loans and receivables' are carried at amortised cost using the effective interest method.

3.2.5 Impairment

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

For financial assets classified as 'loans and receivables', a provision for impairment is established when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms. The provision against these amounts is made as per the provisioning policy duly formulated and approved by the Board of Directors of the Management Company in accordance with the requirements of the SECP.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

3.4 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of operations of the Fund. These costs are being amortised over a period of five years in accordance with the requirements set out in the Trust Deed of the Fund and the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the Provisions of Section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund does not account for deferred tax in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing in cash at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders.

3.8 Proposed distributions

Distributions declared subsequent to the reporting date are considered as non-adjusting events and are recognised in the financial statements in the period in which such distributions are declared.

3.10 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

3.11 Element of income / loss and capital gains / losses included in prices of units issued less those in units redeemed

The Securities and Exchange Commission of Pakistan through its SRO 756(I)/2017 dated August 3, 2017 has made certain amendments in the NBFC Regulations. The notification includes a definition and explanation relating to "element of income" and excludes the element of income from the expression "accounting income" as described in Regulation 63 (amount distributable to unit holders) of the NBFC Regulations. As per the notification, element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, and the net assets value per unit at the beginning of the relevant accounting period. Further, the revised regulations also specify that element of income is a transaction of capital nature and the receipt and payment of element of income shall be taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution. Furthermore, the revised regulations also require certain additional disclosures with respect to 'Income Statement' and 'Statement of Movement in Unit Holders' Fund', whereas disclosure with respect to 'Distribution Statement' has been deleted in the revised regulations.

3.12 Net assets value per unit

The net asset value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net asset of the Fund by the number of units in issue at the year end.

3.13 Revenue recognition

- Dividend income is recognised when the right to receive dividend is established i.e. on the date of book closure of the investee company / institution declaring the dividend.

- Profit on bank deposits is recognised on a time apportionment basis using the effective interest method.

- Realised capital gains / (losses) arising on sale of investments are included in the 'income statement' on the date at which the transaction takes place.

- Unrealised gain / loss arising on revaluation of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.

3.14 Expenses

All expenses including NAV based expenses (namely management fee, trustee fee, annual fee payable to the SECP, and selling and marketing expense) are recognised in the Income Statement on an accrual basis.

	Formation cost		**1,024**
	Sales load payable		**93**
	Others		**133**
			1,741

8.1 The Management Company is entitled to remuneration for services rendered to the Fund under the provisions of the amended NBFC Regulations dated November 25, 2015, of an amount not exceeding 2 percent of the average daily net assets of the Fund. The Management Company charged remuneration at the rate of 2 percent per annum of the average daily net assets of the Fund.

8.2 Sindh sales rax at the rate of 13% on gross value of management fee is charged under the provisions of Sindh Sales Tax on Services Act, 2011.

8.3 This represents the amount payable to the Management Company under NBFC Regulation 60(3)(s), wherein the Management Company is allowed to charge their cost to Collective Investment Schemes (CIS) in respect of fees and expenses related to registrar, accounting, and other services related to CIS. The maximum cost that can be charged in this regard is up to 0.1% of the average annual net assets of that CIS or actual, whichever is less.

9.	**PAYABLE TO THE TRUSTEE**		
	Trustee fee	9.1	**22**
	Sindh Sales Tax	9.2	**3**
			25

9.1 The Trustee is entitled to a monthly remuneration to be paid monthly in arrears for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund.

The tariff structure applicable to the fund is as follows:

Amount of Funds Under Management [Average Net Assets Value (NAV)]	**Tariff per annum**
Upto Rs 1,000 million	0.12% of Net Assets
Exceeding Rs 1,000 million and up to Rs.5,000 million	Rs. 1.2 million plus 0.065% per anum of the amount exceeding Rs. 1,000 million
Exceeding Rs. 5,000 million and up to Rs. 10,000 million	Rs. 3.8 million plus 0.06% per anum of the amount exceeding Rs. 5,000 million

		Note	2018 Rupees in '000
9.2	Sindh Sales Tax is charged at 13% on Trustee fee.		
10.	**PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)**		
	Annual fee payable to SECP	10.1	**73**

10.1 Under the provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008 a collective investment scheme categorised as a equity scheme is required to pay as annual fee to the Securities and Exchange Commission of Pakistan, an amount equal to 0.095 percent of the average annual net assets of the scheme. The fee is payable annually in arrears.

		Note	2018 Rupees in '000
11.	**ACCRUED EXPENSES AND OTHER LIABLITIES**		
	Payable to brokers		**68**
	Auditors remuneration		**145**
	Printing charges payable		**70**
	Provision for SWWF	11.1	**-**
	Others		**293**
			576

11.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance,

2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, the MUFAP recommended that as a matter of abundant caution provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

In the repealed Companies Ordinance, 1984 and the now applicable Companies Act, 2017, mutual funds have not been included in the definition of "financial institutions". The MUFAP has held the view that SWWF is applicable on asset management companies and not on mutual funds.

Despite the above explained position, the management intends to record SWWF provision as a matter of abandon precaution. However, no provision has been made in the current period since the fund incurred losses.

12. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2018.

13. AUDITORS' REMUNERATION

	Note	2018 Rupees in '000
Annual audit fee		100
Sindh Sales Tax		8
Out of pocket and others		37
		145

14. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the fund excluding government levies such as provision for Sales Taxes, Annual fee to the SECP etc. as at June 30, 2018 is 3.76% (annualised). This ratio is within the maximum limit of 4% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

15. TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed to the unit holders in cash. However, the Fund has incurred loss for the period, therefore there is no distribution for the current period ended accordingly, no provision for current and deferred tax has been made in this financial statements. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

17. FINANCIAL RISK MANAGEMENT

The Fund primarily invests in a portfolio of equity instruments such as listed shares. These activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk.

17.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The Management Company manages market risk by monitoring exposure in marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee of the Fund and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, profit rate risk and other price risk.

17.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as its operations are geographically restricted to Pakistan and all transactions are carried out in Pak Rupees.

17.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances in savings bank accounts as at June 30, 2018, that could expose the Fund to cash flow interest rate risk. The net income for the year would have increased / (decreased) by Rs. 0.038 million had the profit rates on savings accounts with the banks increased / (decreased) by 100 basis points.

b) Sensitivity analysis for fixed rate instruments

Presently, the Fund does not hold any fixed rate instruments at June 30, 2018, that could expose the Fund to fair value interest rate risk.

17.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instruments or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund's equity securities are primarily exposed to equity price risk because of investments held and classified by the Fund on the statement of assets and liabilities as 'held for trading'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Fund's constitutive documents. The Fund's constitutive documents / NBFC Regulations also limit investment in individual equity securities to not more than 10% of its net assets, or 15% of the issued capital of the investee company and the sector exposure limit to 35% of net assets.

In case of 5% increase / decrease in the fair value of the Fund's equity securities on June 30, 2018, net assets of the Fund would have increased / decreased by Rs. 10.531 million as a result of gains / losses on equity securities in "available for sale" catagory, with corresponding effect on Other comprehensive income.

17.2 Credit risk

Credit risk represents the risk of a loss if the counterparties fail to perform as contracted. The Fund's credit risk is primarily attributable to balances with banks, deposits with National Clearing Company of Pakistan Limited and Central Depository Company of Pakistan Limited, respectively. The Fund also carries credit risk in respect of dividend receivable (if any) on equity securities. The credit risk of the Fund with respect to bank accounts is limited as the balances are maintained with counter parties that are financial institutions with reasonably high credit ratings. Further, credit risk in respect of deposits is also minimal as the counter parties are well reputed and financially sound. Credit risk on dividend receivable is also minimal due to the statutory protection.

The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed and the requirements of the NBFC rules and the regulations and the guidelines given by the SECP from time to time.

The maximum exposure to credit risk before considering any collateral as at June 30, 2018 is the carrying amount of the financial assets as follows:

	Note	2018 Rupees in '000
Bank balances by rating category		
A+ / A1		**3,255**
A- / A-1		**542**
AA- / A-1		**25**
	4	**3,822**
Profit receivable on bank deposits		**17**
Deposits, prepayments and other receivables	6.	**2,705**

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in equity securities which are diversified and relate to various sectors. The Fund's portfolio of other financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

17.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset or such obligations will have to be settled in a manner disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. However, no such instances were witnessed by the Fund during the current year .

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	As at June 30, 2018			
	Upto three months	More than three months and upto one year	More than one year	Total

Payable to the Trustee	25	25
Payable to Securities and Exchange Commission of Pakistan	73	73
Accrued expenses and other liabilities	574	574
	2,413	2,413

19. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close oftrading on the period end date. The quoted market price used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);

- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and

- Fair value measurements using Inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

	June 30, 2018			
ASSETS	**Level 1**	**Level 2**	**Level 3**	**Total**
	(Rupees in '000)			
Investments in listed equity securities - at fair value through profit and loss	**210,611**	**-**	**-**	**210,611**

During the year ended June 30, 2018, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

20. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

21. LIST OF TOP TEN BROKERS BY PERCENTAGE OF COMMISSION PAID

Top ten brokers for the year ended June 30, 2018

1	Next Capital Limited	**14.72%**

AKDاگریسیوانکم فنڈ(AKDAIF)

سال2018میں6.69فیصدبینچ مارک کے مقابلے میںAKDاگریسیوانکم فنڈ(AKDAIF) کی آمدنی3.58فیصدرہی۔
مینجمنٹ کمپنی کے بورڈ آف ڈائریکٹرز06جولائی2018 کو50روپے کی فیس ویلیو کے ہر یونٹ پر2.2 روپے فی یونٹ کی تقسیم(بشمول ری-فنڈ کا عنصر) کا اعلان کیا ہے جس کی مالیت 29.949ملین روپے بنتی ہے۔30جون2018 کو اختتام پذیر سال پر فنڈ کی مالیاتی دستاویزات میں اس تقسیم کے اثرات شامل نہیں کئے گئے ہیں جو 30جون2019 کو اختتام پذیر سال پر فنڈ کی مالیاتی دستاویزات میں پیش ہوں گے۔

AKDاسلامک اسٹاک فنڈ(AKDISSF)

سال2018میں بینچ مارک KMI-30انڈیکس کی آمدنی منفی1.81 فیصد کے مقابلے میں AKDاسلامک اسٹاک فنڈ(AKDاسلامک اسٹاک فنڈ کو20فروری 2018 کو لانچ کیا گیا) کی آمدنی منفی6.00 فیصدرہی۔

AKDاسلامک انکم فنڈ(AKDISIF)

سال2018 میں 2.41فیصد بینچ مارک کے مقابلے میں AKDاسلامک انکم فنڈ(AKDاسلامک انکم فنڈ کو 20 فروری2018 کو لانچ کیا گیا) کی سالانہ آمدنی 4.42فیصد رہی۔

مینجمنٹ کمپنی کے بورڈ آف ڈائریکٹرز06جولائی2018 کو50روپے کی فیس ویلیو کے ہر یونٹ پر0.78101 روپے فی یونٹ کی تقسیم(بشمول ری-فنڈ کا عنصر) کا اعلان کیا ہے جس کی مالیت 3.5427 ملین روپے بنتی ہے۔30جون2018 کو اختتام پذیر سال پر فنڈ کی مالیاتی دستاویزات میں اس تقسیم کے اثرات شامل نہیں کئے گئے ہیں جو 30 جون2019 کو اختتام پذیر سال پر فنڈ کی مالیاتی دستاویزات میں پیش ہوں گے۔

وسیع پس منظر

پاکستان کی حقیقی قومی مجموعی پیداوار(GDP) نے بلندی کا سفر جاری رکھا اور سال2107 کی5.3 فیصد کے مقابلے میں13 سالوں کی5.8 فیصد کی بلند ترین نمود کھائی۔ترقی کی وجہ متاثر کن نجی شعبے کی قرضوں کی کارکردگی، زرعی پیداوار میں بہتری،نمایاں صنعت پیداوار اور خدمات کی نمو، برآمدات کی بحالی، کم ترین پالیسی نرخ، غیر ملکی براہ راست سرمایہ کاری(FDI) میں اضافہ اور اندرونی ترسیل زر میں اضافہ،متعدد شعبوں کو توانائی کی فراہمی میں بہتری اور بلند تر بڑے پیمانے کی صنعتی پیداری ادارے(LSM) میں نمو ہیں۔اسی کے ساتھ ساتھ چین پاکستان اقتصادی راہداری(CPEC) منصوبہ کی ترقی، امن وامان کی بہتر ہوتی ہوئی صورتحال اور افراط زر کو قابو رکھنے نے ترقی کی رفتار میں اضافہ کر دیا۔ بڑے پیمانے کے صنعتی پیداواری سیکٹر کا کل پیداوار میں80 فیصد کا حصہ اور مجموعی قومی پیداوار میں 11 فیصد جس نے مئی-جولائی2018 میں 6فیصد کی نمود کھائی جبکہ گذشتہ سال اسی مدت میں یہ 5.6فیصد تھی۔ یہ خاص طور پر الیکٹرانکس(36فیصد)، لوہا اور اسٹیل کی مصنوعات(22.02فیصد)، گاڑیوں میں(18.03فیصد) اور کوک اور پیٹرولیم کی مصنوعات میں(13.53فیصد) کی ترقی کی وجہ سے ہوا۔

سال2018 میں زرعی شعبے کی کارکردگی غیر معمولی تھی جس نے نمو کے 3.5فیصد کے ہدف کے مقابلے میں 3.81 فیصد نمو حاصل کی۔یہ اہم ترقی بلند تر پیداواری نتائج (yields)، پرکشش پیداوار کی قیمتیں، گورنمنٹ کی معاون پالیساں اور بروقت زرعی خام مال(inputs) بشمول کھاد اور کیڑے مار دوا کی دستیابی کی وجہ اے حاصل ہوئیں۔ اس کے برخلاف، سال2018 میں خدمات کے سیکٹر نے سال بہ سال کی 7 فیصد کی مایوس کن منفی نمود کھائی۔

سال2018 کے دوران، صارف کی قیمتوں کا انڈیکس(CPI)3.92 فیصد رہا اس کے مقابلے میں سال2017 یہ4.16 فیصد تھی۔CPI بینک دولت پاکستان کے سالانہ ہدف سے بہت کم رہا۔تاہم زمینی حقائق تیزی سے تبدیل ہو رہے ہیں جیسا کہ کرنسی کی قدر میں کمی (سال2018 میں تقریباً6فیصد) کے مقابلے میں جون2018 کے لیے بڑھتا ہوا شہ سرخیوں اور بنیادی افراط زر بالترتیب5.2 فیصد اور7.1 فیصد (سال بہ سال) رہا۔اس لیے بینک دولت پاکستان نے اپنے جولائی2018 کے مالی پالیسی کے بیان میں پالیسی نرخ میں100bps کے اضافے سے بڑھا کر7.5 فیصد کر دیا تا کہ معیشت میں زیادہ خرابی کو روکا جائے۔

SBP کے مطابق، سال2018 میں جاری کھاتے کا خسارہ(عارضی)17.99 ارب امریکی ڈالر(مجموع ءقومی پیداوار کا5.7فیصد) رہا جبکہ گذشتہ سال اسی مدت میں یہ 12.62 ارب امریکی ڈالرز(مجموع ءقومی پیداوار کا4.1فیصد) تھا۔ یہ خاصہ اضافے کی وجہ درآمدات میں نمو، سال بہ سال14.7 فیصد، جامد برآمدات میں سال بہ سال 12.6 فیصد، اور بہت بری اندرونی ترسیل زر میں سال بہ سال 1.41 فیصد ہیں۔

مالیاتی محاذ پر، فیڈرل بورڈ آف ریونیو(FBR) نے سال2018 میں کل محصول کی مال گذاری(revenue)3.84 کھرب روپے کی لیکن وہ اپنے ترمیم شدہ3.93 کھرب کا ہدف حاصل کرنے میں ناکام رہا۔ بہت زیادہ شور مچائی ہوئی پاکستانیوں کے ملکی اور غیر ملکی خفیہ اثاثہ جات کے لیے اعلان کردہ ٹیکس ایمنسٹی اسکیم سے کل حاصل ہونے والی مال گذاری120 ارب روپے رہی جس میں توقعات سے بہت کم97 ارب روپے سال2018 میں جمع ہوئے۔

سال2018-2019 کا وفاقی بجٹ نے متعدد سیکٹرز، بنیادی طور پر آٹو، سیمنٹ اور رئیل اسٹیٹ کے لیے سخت پالیسیاں متعرف کروائیں۔ٹیکس کے نان فائلرز پر نئی گاڑیوں کی خریداری پر پابندی نے آٹو کی صنعت کو بری طرح سے متاثر کیا کیونکہ اکثریت اسی کیٹیگری میں آتی ہے۔علاوہ ازیں، رئیل اسٹیٹ کو ٹیکس کے نان فائلر پر5 ملین سے زیادہ کے مالیت کے مکان کی خریداری پر پابندی لگانے سے بڑا دھچکا لگا۔دوسری جانب، ان قدامات سے توقع ہے کہ طویل مدت میں محصول کی وصولی میں اضافہ ہوگا جس ملک کی محصول کی بنیاد میں بہتری آئے گی۔اس کے علاوہ، بجٹ19-18 کے وفاقی بجٹ میں محدور مالیاتی گنجائش کی وجہ سے PSDP میں اعلان کردہ کٹوتی سے توقع ہے کہ وہ

معیشت میں مجموعی طلب کو کم کردے گی خاص طور پر سیمنٹ اور اسٹیل کے سیکٹرز میں۔

آگے بڑھتے ہوئے، سال 2019 میں توقع ہے کہ زرعی سیکٹر اپنے ہدف سے کم رہے گا جس کی وجہ بڑھتی ہوئی پانی کی ہنگامی صورتحال ہے جو امکانی طور زرعی پیداور میں رکاوٹ ڈالے جبکہ توقع ہے کہ صنعتی پیداواری سیکٹر متوازن رہے گا جس کی وجہ اس کی بلند بنیاد کے اثرات ہیں، جاری مالیاتی سختی اور کچھ سیکٹر کے مخصوص معاملات ہیں۔ نتیجے میں SBP کو توقع ہے کہ GDP کی نمو تقریباً 5.5 فیصد رہے گی جبکہ اس کا سالانہ ہدف 6.2 فیصد ہے۔ روپے کی قدر میں کمی درآمدات مہنگی ہوجائیں گی اور برآمدات عالمی طور پر مسابقتی ہوجائیں گے، اس طرح سے جاری کھاتے پر دباؤ میں کمی آء۔ مزید یہ کہ IMF کی جانب سے ممکنہ بیل آؤٹ پیکیج، دیگر ملکوں سے مالی امداد (چین، سعودی عرب)، اور PTI کی حکومت کی حمایت میں متوقع ترسیل زر میں سمندر پار پاکستانیوں کی جانب سے اضافے سے بیرونی کھاتے میں متوقع مدد فراہم کرے۔ CPEC میں سرمایہ کاری پاکستان میں سرمایہ کاری لانے میں ایک بڑا اہم کردار ادا کرنا جاری رکھے گا جو جلد ابتر ہوتے ہوئے بیرونی کھاتے کی معانت کرے گا۔ ہمارے خیال میں کسی بھی قسم کی بیرونی محاذ پر مزید ابتری (تیل کی قیمتوں میں اضافہ، جامد ترسیل زر، خراب تر ہوتا ہوا تجارتی توازن) سے روپے-امریکی ڈالر کی مبادلہ کی مساوات کو بڑا خطرہ ہے۔ علاوہ ازیں، توانائی کے سیکٹر میں گردشی قرضے کی صورتحال دوبارہ خطرے کے نشان کی سطح پر پہنچ گئی ہے اور اس میں اضافے کو روکنے کے لیے سخت اقدامات کی ضرورت ہے۔ تاہم، محدود مالیاتی گنجائش میں، کوئی ایک تصفیہ ہوتا ہوا نظر نہیں آرہا۔ بڑی کارکردگی کے لیے مجموعی طور پر PTI گورنمنٹ کی معاشی پالیسیوں کی وضاحت اہم کردار ادا کرے گی۔

اکویٹی (Equity) مارکیٹ کا جائزہ

سال 2018 کے دوران KSE-100 انڈیکس نے سال کا آغاز 46,565 پوئنٹس اور سال کا اختتام 41,911 پوائنٹس پر ہوا اور KSE-100 انڈیکس نے 9.99 فیصد کی کمی دکھائی۔ یہ کمی زیادہ تر سرمایہ کاروں کے لڑکھڑاتے ہوئے اعتماد سے منسوب کی جاسکتی ہے جو انتخابی سال میں سیاسی غیر یقینی سے نکلتا ہے، بڑھتے ہوئے معاشی خدشات (BOP، کرنسی کی حرکت) جس نے SBP کے پاس موجود غیر ملکی زرمبادلہ کے ذخائر 10 ارب امریکی ڈالر سے نیچے گرادیا (دو ماہ کی درآمدات کا احاطہ)۔ موڈی نے پاکستان کی اوٹ لک کا درجہ کم کرکے منفی اور ابھرتی ہوئی منڈی سے مسلسل غیر ملکی فروخت (289 ملین امریکی ڈالر) جس کا نتیجہ، زیر غور مدت میں تجارتی حجم بھی گر گیا۔

سیکٹر کے لیے مخصوص واقعات نے ملکیتی سرمائے کی منڈی کی کارکردگی میں اہم کردار ادا کیا۔ سیمنٹ سیکٹر (100KSE انڈیکس کا وزن 8 فیصد) میں کمی (41.3 فیصد کم) نے وسطی مدت میں زیادہ استعداد کے بارے میں خدشات بڑھادیے ہیں اور اس بات کا اشارہ ہے قیمت کی جنگ تیز ہوجائے گی۔ علاوہ ازیں، سودی نرخ میں اضافہ (سال 2018 میں 75bps) ناکام تھا کہ بڑے بینکوں (100KSE انڈیکس وزن 24 فیصد) کو آمادہ کرے کہ کم ہوتی ہوئی انڈیکس کی مدد کرے اور جس نے منفی طور پر آٹو سیکٹر (100KSE انڈیکس وزن 4 فیصد) کو متاثر کیا۔ اس کے برخلاف، سال میں تیل کی بحال ہوتی ہوئی قیمتیں اور روپے کی قدر میں کمی (16 فیصد) کے پس منظر میں E&P (100KSE انڈیکس وزن 15 فیصد) اور کیمیکل سیکٹر (100KSE انڈیکس وزن 2 فیصد) جو اسٹار کارکردگی دکھانے والے سیکٹرز تھے۔

آگے بڑھتے ہوئے، ہمارا خیال ہے کہ نئی PTI کی حکومت کے لیے بہت سخت اور بے مثل معاشی اصلاحات کرنے کی ضرورت ہے۔ سادگی کے اقدامات (PSDP میں کٹوتی، غیر پیداوار یا خراجات) بدعنوانی کے لیے سخت اقدامات کا تقاضہ ہے کہ بلاتفریق وسیع تر احتساب ہے، ٹیکس کی بنیاد میں توسیع کرنے کے لیے بنیادی کوششیں اور بنیادی مسائل (صحت، تعلیم، انصاف اور بے روزگاری) کو حل کرنے پر توجہ کا ہونا یہ طے کرے گا کہ ملکیتی سرمائے (equity) کی منڈی کی سمت اور معیشت کی کارکردگی کا تعین کریں گی۔ اس کے علاوہ، سیکٹر کے مخصوص پالیسیاں بشمول سیمنٹ (Dam, PSDP)، آٹو (سودی نرخ، آٹو کے لیے پالیسی)، کھاد (اعانت، گیس کی قیمتیں) اور اسٹیل اور دیگر منڈی کے لہجہ کا تعین کرے گا۔ غیر ممالک میں لوٹی ہوئی دولت کی واپسی اور سمندر پار پاکستانیوں کا کردار آنے والی حکومت کی پالیسوں کا اہم جز ہوگا۔

موجودہ KSE-100 کی تجارت فارورڈ PE کے 7.57~x کے ساتھ 6.60 فیصد منقسمہ منافع پر ہورہی ہے، جو MSCI ابھرتی ہوئی منڈی انڈیکس اور علاقائی معیشتوں کے مقابلے میں خاصی رعائتی پیش کرتی ہے۔

مستقبل کا منظر نامہ

مجموعی طور پر ہم سمجھتے ہیں کہ سال 2019 میں معیشت کا منظر نامہ چیلنجنگ رہے گا۔ توقع ہے کہ CPEC کی سرگرمیوں کے بڑھنے سے حقیقی نمو اپنی رفتار برقرار رکھے گی جبکہ روپے

کی قدر میں کمی کی وجہ سے اوسط افراط زر اپنے ہدف سے زیادہ رہے گا۔ امکانی طور پر نئی گورنمنٹ کے لیے ایک بڑا مسئلہ IMF پروگرام کی کڑی شرائط کے ساتھ معاملہ ہوگا۔ جاری کھاتے کا خسارہ ایک سنگین معاملہ ہے اور یہ فوری تدارک کے اقدامات کا تقاضہ کرتا ہے تاکہ غیر ملکی زرمبادلہ کی ترسیل میں اضافے سے بے نتیجہ درآمدت کو قابو کریں۔ اہم خطرہ کسی بھی بین القوامی تیل کی قیمتوں میں اضافے اور جامد برآمدات سے ہوسکتا ہے۔

تیل کی عالمی قیمتوں میں اضافہ اور جامد برآمدات سے اہم خطرات پیدا ہوسکتے ہیں۔

پاکستانی عوام بشمول سمندر پار پاکستانیوں نے PTI کی حکومت کی ترسیل زر میں اضافے کی کوششوں کو سراہا ہے۔ حکومت کی جانب سے جو اعلان کردہ انقلابی اقدامات کئے جارہے ہیں ان سے آنے والی حکومت ان اقدامات کے معیشت پر پڑنے والے بڑے اثرات ابھی دیکھنا باقی ہیں۔

زر کی منڈی کا جائزہ

سال 2018 کے دوران، بینک دولت پاکستان (SBP) نے 26-T بلز کی نیلامی کی جس سے گورنمنٹ 17.29 کھرب روپے کا انتظام کرسکی۔ اس مدت کے دوران T بلز کی 3، 6 اور 12 ماہ کی وزنی اوسط آمدنی (weighted average yield) بالترتیب 5.98 فیصد، 6.13 فیصد اور 6.04 فیصد تھیں جو زیادہ تھیں گذشتہ سال اسی مدت کی 5.92 فیصد، 5.94 فیصد اور 5.95 فیصد کی وزنی اوسط آمدنی سے۔

سال 2017 میں SBP نے 12 کی PIBs کی نیلامیاں کیں جس سے 101.73 ارب روپے کا اضافہ کرپائی۔ PIBs کی نیلامیوں پر 3، 5 اور 10 سالوں پر تکمیلی مدت پر وزنی اوسط آمدنی (weighted average yield) گذشتہ سال اسی مدت کی بالترتیب 6.30 فیصد، 6.81 فیصد اور 7.87 فیصد کے مقابلے میں بڑھ کر 7.06 فیصد، 7.86 فیصد اور 8.40 فیصد رہیں۔

کل ملکی قرضوں کا 31 فیصد قلیل المدت T بلز جبکہ 20 فیصد طویل المدت PIBs پر مشتمل ہے۔ اس قرضے کی پروفائلنگ آنے والے وقت میں بڑھتے ہوئے سودی نرخ کا منظر نامہ کی صورتحال پیش کرتی ہے۔ اس قرضے کی انتظامی حکمت عملی نے حکومت کے لیے دوبارہ فنانسنگ کے خطرے کو بڑھا چکی ہے جس کی وجہ میچورٹی پروفائل کا گھٹنا ہے۔

گورنمنٹ جولائی 2018 میں مالیاتی پالیسی کا بیان جاری کیا، جہاں کمیٹی نے فیصلہ کیا کہ بین القامی تیل اور اجناس کی قیمتوں میں واپس اضافے کے پس منظر میں پالیسی نرخ، 100 بیس پائنٹس کے اضافے، سے بڑھ کر 7.5 فیصد بڑھادیا تاکہ ملکی طلب کے کے ساتھ ساتھ مبادلہ نرخ میں حرکت کے دباؤ میں کمی لئی جاسکے۔ سال 2018 کی 01 جولائی تا 31 مارچ کے دوران براڈ منی (Broad Money) (M2) کے حجم میں 770.9 ارب روپے (نمو 5.29 فیصد) اضافہ ہوا اس کے مقابلے میں گذشتہ سال اسی مدت میں حجم میں 756.1 ارب روپے کا اضافہ (نمو 5.9 فیصد) تھا۔ اسی طرح سے، سال 2018 کی 01 جولائی تا 31 مارچ میں ذخائر کی منی کی نمو 5.6 فیصد رہی جبکہ گذشتہ سال اسی مدت میں یہ 7.9 فیصد تھی۔

اداراتی اور مالیاتی رپورٹنگ ڈھانچے کا بیان

a) فنڈز کی انتظامی کمپنی کے تیار کردہ مالیاتی گوشوارے فنڈز کے معاملات کی صورتحال، عملی امور کے نتائج، کیش فلو اور فنڈز کی اکائی رکھنے والوں کی نقل وحرکت بہتر طور پر پیش کرتے ہیں۔

b) کمپنی نے موزوں کھاتوں کی کتابیں (Books of Accounts) قائم رکھی ہوئی ہیں۔

c) مالیاتی گوشواروں کی تیاری میں اکاؤنٹنگ کی مناسب عملی یکساں طور پر اپنائی گئی ہے اور اکاؤنٹنگ تخمینوں کی بنیاد معقول اور محتاط پر رکھی ہے۔

d) پاکستان میں قابلِ اطلاق بین الاقوامی مالیاتی رپورٹنگ معیار پر عمل کرتے ہوئے مالیاتی دستاویزات تیار کئے گئے ہیں اور ان سے کسی بھی انحراف کو مناسب طور پر ظاہر کیا گیا ہے۔

e) اندرونی کنٹرول کا نظام کا ڈیزائن مضبوط ہے اور اسکی موثر نفاذ اور نگرانی کی گئی ہے۔

f) فنڈز کی ایک جاری رہنے والے ادارے کے طور پر چلتے رہنے میں کوئی شبہ نہیں ہے۔

g) لسٹنگ ضوابط میں اداراتی نظم وضبط کی دی گئی تفصیلات کی بہترین مشقوں سے کوئی مادی انحراف نہیں کیا گیا ہے۔

h) محصولات، ڈیوٹیز، لیویز اور اخراجات، اگر کوئی ہے تو، کی مد میں دستوری ادائیگیوں کے بقایاجات کو مالیاتی دستاویزات میں پوری طرح ظاہر کیا گیا ہے۔

i) ڈائریکٹرز کی بورڈ آف ڈائیریکٹرز اور آڈٹ کمیٹیوں کے اجلاسوں میں حاضری کا بیان درج ذیل ہے:

ڈائریکٹر کا نام	بورڈ اجلاس					
	29 ستمبر 17	28 اکتوبر 17	23 فروری 18	27 اپریل 18	شرکت کی	رخصت

مینجمنٹ کمپنی کی درجہ بندی

22دسمبر2018 کو پاکستان کریڈٹ ریٹنگ ایجنسی(PACRA) 8جون2017 کوAKD انویسٹمنٹ مینجمنٹ لمیٹڈ(AKDIML) کواثاثہ جات مینجر'AM3++' (AM تین پلس) کی درجہ بندی تفویض کرچکی ہے۔

فنڈز کی درجہ بندی

AKDاپرچونیٹی فنڈ

پاکستان کریڈٹ ریٹنگ ایجنسی(PACRA) نے24 مئی2018میں[31دسمبر2017 کواختتام پذیرسال پرگذرے ہوئے36ماہ(3سال)اور60ماہ(5سال) کی کارکردگی کی بنیاد پر]AKDاپرچونیٹی فنڈ (AKDOF) کوکارکردگی میں طویل المدت''Star-5''اور میں[31دسمبر2017 کواختتام پذیرسال پرگذرے ہوئے12 ماہ(1سال) کی کارکردگی کی بنیاد پر]قلیل المدت''Star-3'' درجہ بندی تفویض کرچکی ہے۔

AKD کیش فنڈ

پاکستان کریڈٹ ریٹنگ ایجنسی(PACRA) 30جون2018 کوAKD کیش فنڈ(AKDCF) کواستحکام کی'AA+(f)' (دوAمثبت)درجہ بندی تفویض کرچکی ہے۔

AKDاگریسیوانکم فنڈ

پاکستان کریڈٹ ریٹنگ ایجنسی(PACRA)30جون2018 کواگریسیوانکم فنڈ(AKDAIF) کواستحکام کی"A-(f)" (منفیAایف)درجہ بندی تفویض کرچکی ہے۔

یونٹس رکھنے کا رجحان

کمپنیز ایکٹ 2017 کے تحت مطلوب اور اداراتی نظم وضبط کے مطابق تفصیلی یونٹس رکھنے کا رجحان منسلک ہے۔

آڈیٹرز کی تقرری

بورڈ، آڈٹ کمیٹی کی سفارش پر سال 2019-2018 کے لیے میسرز- اے ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹینٹس کا بطور دستوری آڈیٹرز کے، AKD اگریسیو انکم فنڈ (AKDAIF) اور AKD کیش فنڈ (AKDCF) کے لیے دوبارہ انتخاب کر چکا ہے۔

بورڈ، آڈٹ کمیٹی کی سفارش پر سال 2019-2018 کے لیے میسرز- نوید ظفر اشفاق اینڈ کمپنی، چارٹرڈ اکاؤنٹینٹس کا بطور دستوری آڈیٹرز کے، AKD انڈیکس ٹریکر فنڈ (AKDITF) اور AKD اپرچونیٹی فنڈ (AKDOF) کے لیے دوبارہ انتخاب کر چکا ہے۔

بورڈ، آڈٹ کمیٹی کی سفارش پر سال 2019-2018 کے لیے میسرز- ڈیلوئٹ یوسف عادل، چارٹرڈ اکاؤنٹینٹس کا بطور دستوری آڈیٹرز کے، AKD انویسٹمنٹ مینجمنٹ لمیٹڈ کے لیے دوبارہ انتخاب کر چکا ہے۔

بورڈ، آڈٹ کمیٹی کی سفارش پر سال 2019-2018 کے لیے میسرز- گرانٹ تھورٹن انجم رحمان، چارٹرڈ اکاؤنٹینٹس کا بطور دستوری آڈیٹرز کے، AKD انویسٹمنٹ مینجمنٹ لمیٹڈ کے لیے دوبارہ انتخاب کر چکا ہے۔

اعتراف

ڈائریکٹرز اس موقع کا فائدہ اٹھاتے ہوئے سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان، وزارت مالیات، بینک دولت پاکستان اور اسٹاک ایکسچینج کی اعتماد کا میوچل فنڈ کی کمیونٹی کی معاونت کرنے کا مجموعی طور پر شکریہ ادا کرنا چاہتا ہوں اور ہمارے ٹرسٹی، سینٹرل ڈپازٹری کمپنی آف پاکستان لمیٹڈ اور MCB فنانشل سروسز لمیٹڈ کے تعاون اور معاونت کا بھی شکریہ ادا کرنا چاہتے ہیں۔ بورڈ، AKD انویسٹمنٹ مینجمنٹ لمیٹڈ کے عملے اور افسران کی مخلصانہ کارکردگی کا بھی اعتراف کرتا ہے۔ بورڈ اپنے یونٹس کنندگان کا ان کے کمپنی پر اعتماد اور مسلسل حمایت اور رہنمائی کا بھی شکریہ ادا کرنا چاہتا ہے۔

منجانب بورڈ
