Investors may lodge their complaints to our Investor Services Department through any of the following options where our dedicated staff is available 24/7 to provide assistance: Call at (+92-21) 111-AKD-IML (253465), Toll-free # 0800-25346, Email at info@akdinvestment.com, complaints@akdinvestment.com, Sales@akdinvestment.com. In case your complaint has not been properly redressed by us, you may lodge your complaint with SECP at the link https://sdms.secp.gov.pk/. However, please note that SECP will entertain only those complaints which were at first directly requested to be redressed by the Company and the Company has failed to redress the same. Further, the complaints that are not relevant to SECP's regulatory domain/competence shall not be entertained by the SECP.

Message from CIO's Desk

The final month of CY23 proved to be an eventful one for the equity market, mirroring the volatile conditions on the national and international front. During the first half of Dec 23, benchmark KSE100 gained 5,895.51 points to close at 66,426.78 points reaching new record levels, while the latter half was a stark reversal in trend, with the index shedding 7,255.80 points to close below a major psychological barrier of 60,000. However, the final few sessions of CY23 illustrated a moderate recovery while the index consolidated and closed at month end level of 62,451.04 (MTD 3.17% / YTD 50.66%). Major incidents and concerns which fueled the second half sell off included the (1) decision of Monetary Policy Committee (MPC) to maintain the policy rate at 22 percent contrary to market consensus of a nominal cut, as the MPC opined inflationary pressures ahead following hike in gas prices (2) sharp increase in stock financing products and (3) Gaza-Israel conflict's impact on global politics and commodity prices.

Continuing the trend of previous months, investor participation saw a significant increase of 57% with average daily volume rising to 1.031 billion shares in Dec 23 compared to 655 million shares the previous month. Foreigners remained net buyers with inflows of USD 26.72 million, major interest shown in sectors of Power Generation & Distribution--USD 7.49 M, Cement --USD 6.05 M and sectors other than Top 9 -- USD 7.37 M. On the local front only insurance companies remained major net buyers with buying of USD 7.22 M, major net buying recorded in Oil and Gas Exploration Sector -- USD 2.47M.

Other significant developments which influenced the markets included:

- During the month of December 2023, SBP conducted 2 MTB auctions with a realized amount of PKR 3.48 trillion. The Weighted average yield for 3 months decreased slightly by 2bps, while 6 months and 12 months increased by 4bps, and 8bps respectively to 21.3208%, 21.3634% and 21.3371%.
- The NCPI during the month of December 2023 clocked in at 29.66% YoY as compared to 29.23% in November 2023 and 24.5% in December 2022, taking 6MFY24 average NCPI to 28.79% compared to 25.02% during the SPLY. On a regional basis, Urban and Rural CPI clocked in at 30.93% and 27.86% respectively. This rise in inflation can be attributed to a 3.56% increase in prices of utilities i.e. Housing, Water, Electricity, Gas and Fuel which represents a weightage of 23.63% in the Consumer Price Index. Inflation expectation of both consumers and businesses, though improving in recent months, remain at an elevated level. Nevertheless, barring further sizable increase in administered prices, it is expected that headline inflation will decline significantly in the second half of FY24 due to contained aggregate demand, easing supply constraints, moderation in international commodity prices and favorable base effect.
- Federal Board of Revenue created history by crossing 1 trillion collections during the month. Rs.1021 Billion were collected in December, 2023 (net collection of Rs.984 billion after adjusting for refunds). Targets for the month as well as for the first six months of the current financial year were also surpassed. Target for the first six months was Rs.4425 billion (as agreed with IMF), which was surpassed by 43 billion as FBR recorded collection of Rs.4468 billion. FBR in the corresponding six months of the previous year collected Rs.3428, thus registering an increase of more than 1 Trillion.
- The Current Account recorded a surplus for the month of Nov 2023 of USD 09 million, the first since Jun 23, compared to CAD of USD 184 million (revised) in Oct 2023 taking the 5MFY24 CAD to USD 1.16 billion against USD 3.26 billion SPLY, down -64% on the back of decline in imports, increase in exports and other current transfers
- The Large Scale Manufacturing Index (LSMI) output for the month of Oct 23 decreased by 4.08% YoY, after registering two consecutive months of increase. LSMI recorded MoM decrease of 2.00% while Jul-Oct 23 period showed a decline of 0.44% when compared to SPLY. The sectors majorly contributing to the overall decline included Textile, Furniture, Automobiles & Tobacco.
- The federal government's total debt (domestic and external) at Nov 23 stood at PKR 63.4 Trillion with an YOY increase of 24.39% while MoM increase stood at 1.5%. The federal government has accrued an incremental debt of 2.5 Trillion since the start of Fiscal Year 2024.

Disclosure of Sindh Workers' Welfare Fund (SWWF)

During the month of August 2021, provisioning against Sindh Workers Welfare Fund by AKDITF amounting to PKR 4.81 million has been reversed on the basis of clarification received from Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan, received on August 13, 2021. This reversal of provision has contributed towards an unusual increase in NAV of the AKDITF (0.14/unit) 1.01%. This is one-off event and is not likely to be repeated in the future.
